

Jack W. Moore Scholarship Fund

Thank you for your interest in **Michael's College of Hair Design**. My career as a hair stylist started over 30 years ago at the urging of my father, Jack W. Moore, who enjoyed a long and distinguished career as a stylist until his retirement. Much of what I learned early in my career came from my father. He was my mentor. Not only did he teach me the fundamentals of cutting and styling hair, he taught me the intangible skills I needed to build and grow my career – skills such as chair-side etiquette, the art of consultation and important verbal skills that gave me the confidence to work with clients from all walks of life. He also impressed upon me the importance of staying current – to continue my education by learning the latest techniques and trends.

In 1972 when I ventured out on my own as a salon owner, I was struck by how many students possessed the minimum technical skills to pass the state exam but sadly, had no idea how to work with clients. Even fewer were aware of the latest trends and techniques many of the hottest salons and spas were practicing. Yes, they could cut hair sufficiently to pass the state exam, but many were incapable of communicating with clients in a way that gave them confidence or helped clients achieve the look they were expecting. So, in 1991 I established Michael's College of Hair Design not only to teach students the skills needed to pass the state exam but also to convey the important skills needed to build a financially rewarding, life-long career in cosmetology. Since that time, our college has become the premier cosmetology college in the Northern, Kentucky area. We have developed a strong reputation for being on the leading edge of fashion trends and up-to-date techniques. Our instructors are some of the best and brightest in the industry. More importantly, our focus is not just on teaching theory but in helping prepare students to achieve long term success long after they graduate. In fact, many of our graduates have become highly paid salon professionals, some of whom have traveled the world to further their career and many have opened their own salons.

In looking back over the past 30 years, I realize now how important my father was in helping set the stage for my career path. Had it not been for his mentoring, I doubt I would have continued in the business all these years. And, I certainly wouldn't have enjoyed the success I have without his advice and counsel early in my career. It is in honor of my father, Jack W. Moore, that we have created the Jack W. Moore Scholarship. Through this scholarship we are offering an opportunity for others to pursue their dream by providing them with the full spectrum of skills and knowledge they'll need to enjoy a long, successful career in cosmetology – just like my father did for me.

Yours truly,

A handwritten signature in black ink that reads 'L. Michael Moore'. The signature is written in a cursive, flowing style.

L. Michael Moore
Founder/Owner

Applicant requirements

Jack W. Moore Scholarship

Michael's College of Hair Design awards several scholarships from \$ 5,000 to \$6,000
